Summer 2023

For friends of Ability Partners Foundation and Ability Partners - CP Rochester, Happiness House, and Rochester Rehabilitation

## A message from the President/CEO:

Ability Partners provide a lifetime of inclusive opportunities, ensuring people of all abilities flourish within their communities. As its new President/CEO, I wanted to take this opportunity to introduce myself, share how excited I am to lead these extraordinary agencies, and communicate our continued commitment to the Rochester and Finger Lakes Regions.

In March, I stepped into the President/CEO role for Ability Partners agencies, including CP Rochester, Happiness House, Rochester Rehabilitation Center, and Ability Partners Foundation, with more than two decades of experience within the partner agencies, as Executive Vice President/COO. I held various roles, from providing direct clinical services to senior leadership roles for the agencies. Over that time, I have gained a profound respect for the individuals and families we serve, the great employees that carry out our shared missions, and the critical role our field plays in the health and well-being of our communities.

I am committed to continuing to serve our communities tirelessly and being a vital part of helping to realize better outcomes for people with disabilities and disadvantages, fostering strategic partnerships, and empowering our employees to be their best.

Employees at Rochester Rehabilitation carefully packaged 700 New York-made podium medals, for the Lake Placid 2023 FISU World University Games.

The 2023 FISU World University Games, held in January, drew 1,500 collegiate-athletes, ages 17-25, from more than 50 countries and 600 universities to compete in 12 sports and 86 medal events. In addition to Lake Placid, events took place throughout New York's Adirondack region, including Saranac Lake, Wilmington, North Creek, Canton and Potsdam.

“Our team at Rochester Rehabilitation was honored to have the opportunity to play a critical role in the supply chain for these prestigious medals,” said Darrell J. Whitbeck. “Since our founding, the focus of Rochester Rehabilitation has been providing our workforce with inclusive opportunities in work, wellness and independence. This project has filled our employees with and without disabilities with pride. Congratulations to all of the athletes who competed in the games and to those who get to take home this shining example of New York craftsmanship.”

The medals and their packaging were designed, made, and assembled in New York state, and samples can be seen on display at Rochester Rehabilitation's University Avenue location.

## VOLUNTEER HIGHLIGHT

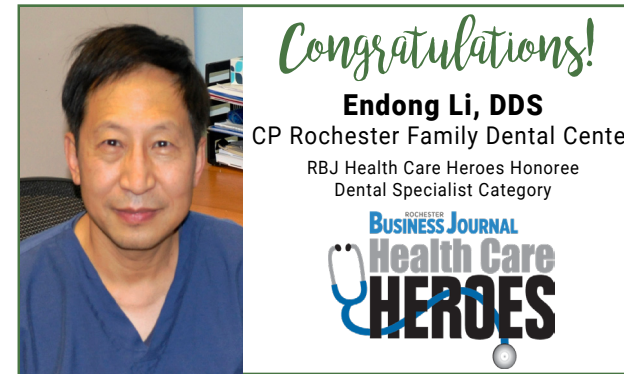

Our Adaptive Workshop said goodbye to a long-time volunteer at the end of 2022. Anthony Nardone began his leadership at the workshop in October of 1986 and put in an average 55 hours a month designing, repairing, and fabricating therapy devices, toys, and furniture for the three agencies. In 2000 Tony was recognized for his volunteerism and was inducted into the CP Rochester Wall of Honor.

Following a successful 25-year career as a Mechanical Engineer at Eastman Kodak, Tony volunteered at least one day a week consistently up until his 99th birthday. Tony's work ethic was only matched by the sense of humor he brought to the shop. Tony will be fondly thought of by his friends at Ability Partners agencies.

## JOHN P. CLEARY AWARD

Nominees included (R-L): Carl, Kathy, Scott, Jodi, Cleveland, and Erica

**JODI DECKER WINNER**

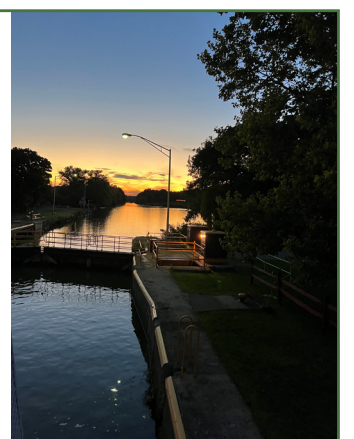

Happiness House's Adult Structured Day Program recognizes the hard work and perseverance necessary to overcome a serious traumatic brain injury.

John P. Clary was one of those special people. John was a young man that had been diagnosed with a terminal brain tumor. Yet, he exhibited an incredible sense of humor and energy for life. John's willingness to get up each day and make the most of his opportunities was inspirational to everyone who met him. The person who receives this award exemplifies the qualities similar to John such as courage, thoughtfulness, perseverance, humor, and being a role model.

This year's winner was Jodi Decker. Jodi had her left temporal lobe removed after suffering from grand mal seizures. Despite this hardship, Jodi comes to program every day with a smile and with an excitement to learn.

# COMMUNITY EVENTS

WE THANK YOU SUPPORTING OUR EVENTS, AND WE THANK COMMUNITY MEMBERS WHO GENEROUSLY HOLD EVENTS TO BENEFIT OUR AGENCIES.

## Tackles and Touchdowns

30+ Hobart Statesmen Football players lined the sidewalks of Geneva Happiness House to visit with the preschoolers prior to their rival game against the St. Lawrence Dutchmen. This tradition has become a favorite of both the preschoolers and the team. This year's event raised nearly \$2,000!

10 20 30 40 50

Madilynn "Madi" Groot, age 4, tossed out the coin at the Statesmen's game. Madi, diagnosed with Cerebral Palsy, has been receiving services since she was 6 months old. She is a legacy student at Happiness House, following the footsteps of her aunt and dad who attended the New Friends preschool program in the 90s!
