## Graham

Graham Rodwell has worked with an advisor and support groups at Rochester Rehabilitation to help manage his anxiety and depression. With help from the Ventures PROS staff and his family, he has gained confidence, strengthened his social skills, and was a keynote speaker for the Employee Recognition event and the Evening of Stars Gala.

Celebrating  
50  
Established 1969  
Years of changing lives forever.

## Erin

Erin Hart started working with Happiness House staff when she was one. She was diagnosed with developmental delays and didn't walk until the age of three. Through Happiness House, Erin received physical, occupational, speech, and music therapies which helped her build her strength and skills to become the young lady she is today.

Opening Doors. Enriching Lives.

## Chris

Christopher Brookes began working with CP Rochester as a young child, receiving euro-peds physical therapy. Having bilateral hearing loss and being diagnosed with cerebral palsy, he continues to come to the CP Rochester Clinic and is working hard to move around independently. He is most proud of mastering walking upstairs using a cane.

# A Message from Mary

Mary Walsh Boatfield  
President / CEO

The increased prevalence of autism (1 in 59 children per Centers for Disease Control and Prevention) has increased the demand for comprehensive autism-specific services. As president and CEO of Happiness House, simultaneously serving as president and CEO of CP Rochester for the past six years, I knew more work was needed to increase service accessibility to individuals and families.

In April 2009, Happiness House held its first annual community Autism Walk in celebration of National Autism Awareness month and in 2010 launched an Autism Diagnostic & Evaluation Clinic to better address autism-specific needs in the Finger Lakes region.

In 2014, CP Rochester's Augustin Children's Center expanded its

autism-based preschool classrooms and developed enhanced services to address the unmet needs. We held autism summits; hired an autism specialist responsible for coordinating autism services for both agencies and; in 2017 I was appointed to the New York State Autism Spectrum Disorders Advisory Board providing increased opportunities to network statewide on addressing autism programs and services.

“Collaboration has been key in putting the pieces together in developing the Golisano Autism Center.”

Focus groups were held with a demographically diverse group of individuals discussing the need for integration and inclusivity for all community members to be served.

We conducted research and center-based visits with providers throughout the east coast to determine the most effective way to deliver comprehensive autism services. Ann Costello, executive director of the Golisano Foundation, was instrumental in convening our partners — Tom O'Connor, president of Al Sigl Community of Agencies and Sarah Milko, executive director of

AutismUp. CP Rochester, AutismUp, and Al Sigl Community of Agencies are founders of the Golisano Autism Center, a nonprofit organization incorporated in 2018. Seeing the urgent need for Rochester families to be connected to autism services before the Center opened, we hired an autism family navigator and launched the autism helpline.

We've made tremendous progress toward our working goal of \$9M. Tom Golisano and the Golisano Foundation provided the lead gifts of \$3M toward the project and Finger Lakes Regional Economic Development awarded \$1M through the Consolidated Funding Application. Many thanks to the more than 200 donors who have helped us raise \$7.6M.

The Center was designed to create a sensory-friendly environment that includes wayfinding, soft lighting, noise reduction, observational seating, and sensory retreat (somewhere to go when stimulated).

This has been a challenging and inspiring undertaking and I welcome the greater Rochester and Finger Lakes communities to our Center!

# WE CAN DO SO MUCH MORE BECAUSE OF YOU.

Thank you for your generous support of CP Rochester, Happiness House, and Rochester Rehabilitation! Your commitment to people of all abilities is making a profound impact on a daily basis in the lives of so many.

We've seen the impact of CP Rochester giving Christopher the support he needs to walk independently; the impact of Happiness House helping Erin to build her strength and skills; and the impact of Rochester Rehabilitation giving Graham the confidence he needed.

Last year, CP Rochester, Happiness House, and Rochester Rehabilitation served 6,600 individuals like Christopher, Erin, and Graham from the Finger Lakes and Greater Rochester areas. We are fortunate to have organizations like ours in these communities. **But despite the great strides we are making, we rely on your help!**

Changing and enriching lives is our daily mission. With your donation, you can truly make a difference. Your support allows us to fulfill the ongoing needs of the programs and services of our three great agencies. Thanks to your help, we provide an array of educational, therapeutic, recreational, employment, mental health, residential, and family support programs and services for children and adults with disabilities and disadvantages.

We are very thankful to all the businesses, organizations, families, and individuals who support us. **Please join with us — together, we can make a difference!**

Thank you!

Richard Hawks Jr., Chairperson, Ability Partners Foundation

Jacqueline Hawks Lyttle, Chairperson, CP Rochester, Happiness House, and Rochester Rehabilitation

Tommy Achilles graduated from Happiness House 30 years ago. He started receiving services through Happiness House's Early Intervention Program and is a graduate of the New Friends Preschool Program.

Tommy is a great supporter of Happiness House as it helped not only him but his nephew too, "This was the place that we could come and be ourselves!"

Tommy spoke at Happiness House's 50th Anniversary Picnic with his nephew, Parker, by his side.

# A MESSAGE OF THANKS

## from the Hurley Family

Erin is a beautiful, affectionate, typical teenager who loves to be active and social. Some of her accomplishments include: playing the trombone, piano, hip hop and jazz dance lessons, dance recitals, therapeutic horseback riding lessons, acting in productions with Bristol Valley Theater in Naples, and the Cobblestone Arts Center in Farmington. Erin has interviewed with Nickelodeon and Disney Channels. A snippet of a video Erin submitted to Disney was on a "Girl Meets World" episode. Photos of Erin were recently on the EWTN Global Catholic Network for World Down Syndrome Day. She was on PBS-Homework Hotline and was featured on the "Move to Include" segment. She's a lector at church and an Ambassador with Best Buddies in Rochester, NY. Erin was in the first integrated fashion show in the Rochester area held at Nazareth College. She also has her own golf cart that she can drive independently.

Happiness House was a BIG influence from the start of Erin's success stories. She started attending Happiness House when she was two years old. The wonderful teachers, therapists, and aides taught her how to socialize with peers. She learned how to communicate using sign language at first, then speech therapy helped her to communicate verbally. Now she is very verbal and not afraid of public speaking! Erin has low tone and weak trunk muscles. Occupational therapy and physical therapy helped with her balance, gross and fine motor skills. Over time Erin became more confident. Happiness House provided routine, repetition, consistency, and compassion to help Erin learn how to function more independently and interact with others. Having integrated classes was also very important for improving her skills. Happiness House provided Erin with a wonderful start increasing her abilities in all areas. We are grateful for all the services Happiness House provided and still provide for her today.
